

# SPEECH PATHOLOGY

## AT OUR COLLEGE!

A STUDENT'S SPEECH, LANGUAGE & COMMUNICATION SKILLS FORM  
THE FOUNDATION FOR ALL LEARNING AT SCHOOL

Does your child experience difficulties in any of the following areas?

- Comprehension
- Oral Language expression/talking
- Written Language
- Pronunciation
- Reading & writing/literacy
- Listening & following instructions
- Learning
- Memory
- Grammar
- Spelling
- Voice
- Stuttering
- Socialising & friendships
- Behaviour
- Emotional Regulation
- Hearing & Auditory processing

If so, it may be the result of an underlying Speech and Language difficulty. Speech Pathologists study, diagnose and treat communication disorders, including difficulties with speaking, listening, understanding language, reading, writing, social skills, stuttering and using voice. Speech Pathologists assess and provide life-improving treatment, support and care.

*Michelle Sparg is an independent, mobile, private, certified practicing Speech-Language Pathologist with over 24 years of generalised & highly specialist experience having worked very successfully with Kindy, Primary & High School students across many varied contexts in 3 countries. Michelle is also a qualified Audiologist but is not practicing as one.*

*Michelle is in her 10th year of working successfully at our school alongside students, parents, teachers & learning support staff to maximise learning potential within the classroom.*

*Assessment & therapy are offered at school within school hours 2 days per week. It is convenient for busy parents as well as for students who can be seen during school hours when they are not too tired to learn.*

*Therapy goals are planned according to the student's current strengths and needs in the light of their current curriculum demands in collaboration with school staff.*

For further information on this highly valued service currently offered at our college, please contact Michelle Sparg directly on [sparg4@bigpond.com](mailto:sparg4@bigpond.com) or 0435 492 716.
